

Skills

- Javascript, React, TypeScript, HTML, CSS, MySQL, Express.js, Node.js, MongoDB, Git, GitHub, GitLab CI

Experience

Full Stack Developer

Apr 2025 - Present

RhombuzDesigns Private Limited

- Designed and developed scalable web applications using React.js, Next.js, Node.js, and modern JavaScript frameworks.
- Built reusable UI components and optimized frontend performance, improving page load speed and user experience.
- Integrated REST APIs and managed data flow between frontend and backend services.
- Implemented authentication, authorization, and role-based access control for secure user management.
- Collaborated with designers, product managers, and developers to deliver features in Agile sprints.
- Developed responsive interfaces ensuring cross-browser and mobile compatibility.
- Optimized application performance through code splitting, lazy loading, caching, and efficient state management.
- Participated in code reviews, debugging, and production issue resolution to maintain application reliability.
- Worked with Git/GitHub for version control, feature branching, and collaborative development.
- Contributed to architecture discussions and technical decisions for scalable product development.

Software Developer

Jul 2024 - Mar 2025

DePronto Infotech

- Developed India's top-selling life insurance website, reducing load time by 40% through optimized coding practices, ReactJS and performance strategies like lazy loading.
- Collaborated with cross-functional teams to design responsive and user-friendly interfaces.
- Worked in an agile environment, contributing to sprints and team meetings.
- Proficiently used JavaScript, jQuery, HTML, CSS, and Bootstrap to design responsive and user-friendly web applications.

Full Stack Developer

Jul 2023 - Jun 2024

Smartsa Tech Pvt Ltd

- Enhanced functionality of an existing Angular portal and developed a new portal using React.js, Node.js, Express, MySQL, HTML5, and CSS3.
- Modernized digital platforms to improve client experiences and drive business growth.
- Proficient in React.js, Node.js, Express, MySQL, and MongoDB for full-stack development.
- Streamlined version control and collaboration using Git/Bitbucket.
- Applied strong programming skills in JavaScript and C++ to deliver scalable, maintainable solutions.

Projects

Knockout - Competitive Programming Environment

Tech Stack: Node.js, React.js, MongoDB, Firebase, Codeforces API

Description: Developed a competitive programming environment utilizing Node.js stack, React.js, MongoDB, Firebase, and Codeforces API.

ShopnGO - Cloud-Based E-commerce Website

Tech Stack: Azure App Services, Node.js, Cosmos DB, EJS

Description: Engineered a cloud-based E-commerce platform with Azure app services, Node.js stack, Cosmos DB, and EJS for dynamic web page rendering.

E-commerce Website

Tech Stack: React JS, Node JS, MongoDB
Description: Developed an E-commerce website using React JS, Node JS, and MongoDB. Users can view products, add them to their wishlist, and make purchases.

Education

Vidyalankar Institute of Technology/ University Of Mumbai BE/B.Tech/Bs	2023
Kilbil Junior College/Pune Other	2019
